## HOW TO CLEAN YOUR HOME QUICKLY

...before unexpected guests arrive.

### 30 MINUTES

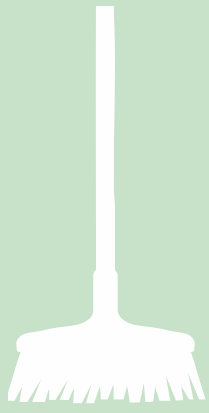

#### FOCUS ON THE COMMON AREAS

Put personal items away, straighten pillows and blankets. Load the dishwasher & wipe down the counter. Replenish guest bathroom items & empty the trash. Light scented candles and dim the lighting.

### 60 MINUTES

#### DIG A LITTLE DEEPER

Everything above + vacuum or sweep high traffic areas. Clean the toilet and bathroom counter. Make the beds. Dust horizontal surfaces in common areas.

### 120 MINUTES +

#### GO ALL OUT

Everything above + launder towels and bathmats. Mop high traffic areas. Wipe down the baseboards. Wipe out the fridge & microwave. Tidy the entryway closet. Wipe down all mirrors & some high-traffic windows (front security door or sliding glass door).

### BONUS TIPS

Focus on the areas the guests will most likely be in. Enlist your kids/spouse to help. Most people notice clutter, not dirty baseboards. Utilize an all-purpose cleaner with essential oils to both clean your surfaces and make your home smell fresh. Turn on some music to motivate your speed and to set the vibe for when the guests arrive!
